

Allocating Funds for the NPS

Name: _____

Allocating Funds for the NPS by Acreage (Friday 10/28/16)

Total Acreage of all National Parks	
Total Funds for NPS	
Amount of Funds for an Acre of Land (Unit Rate)	

Top 3 Parks with the ***Most Acreage*** in Ascending Order (largest first)

Name of National Park	Acreage of Park	Allocated Funds
1.		
2.		
3.		

Name of National Park	Acreage of Park	Allocated Funds
Rocky Mountain National Park		

Bottom 3 Parks with the ***Least Acreage*** in Ascending Order (largest first)

Name of National Park	Acreage of Park	Allocated Funds
1.		
2.		
3.		

Make a list of Pros and Cons to help you decide if National Parks should receive funds based on the amount of land (acreage) for each park. You need to come up with at least 3 reasons for each list. Each person should look through their lens that they choose (Conservationist, Financial, Political, & Maintenance/Tourism).

Pros (Positive)	Cons (Negative)
<ul style="list-style-type: none"> ● ● ● ● ● 	<ul style="list-style-type: none"> ● ● ● ● ●

Based on your list of Pros and Cons, do you think that allocating funds based on the amount of land (acreage) would be a good way to allocate funds for the National Park Systems? Explain why or why not.
